## Summary

Web UI Designer with a background in engineering, photography, and a lifetime of problem solving. My unique experiences allow me to approach assignments with the practicality of an engineer, the creativity of an artist, and the tenacity of a practiced trouble shooter.

## Experience

### 2007-Present | Web Developer and Contractor | [Strength by Design Corporation](#)

- Web Designer – Created dynamic websites using HTML, CSS, Bootstrap, and responsive design standards, with intuitive front ends for small businesses. Currently the webmaster for Toastmasters District 55 (<http://www.tmd55.org>).
- UI/UX Designer – Designed websites using UI best practices, complying with accessibility standards. Balanced the needs of the client with the needs of the user to create effective websites.
- Bookkeeping – Managed company finances, payroll, and taxes using QuickBooks. Created and maintained a corporate budget, including employee benefits.
- Purchaser – Purchase Contractor for an elementary school. Examined prices, curriculum needs, and saved up to 93% through cost comparisons, bundling and price negotiation.
- Technical Support – Wrote technical manuals for a K-12 school for internal computer programs, and school procedures and policies for use in teacher training and for administrative reference. Provided technical support for internal programs.
- Photographer – Photographed portrait, wedding, event, school and sports events using professional Nikon camera equipment. Consulted with clients and coordinated with other event subcontractors.

### 2004-2005 | Structural Engineer-In-Training | [Jaster-Quintanilla](#)

- Structural EIT – Designed concrete and steel elements for buildings. Assisted in on-site evaluation and forensic studies of existing structures.
- Projects – Churchill High School, Roosevelt High School, Ft. Sam Houston.

## Skills

- |                     |                     |                   |                    |
|---------------------|---------------------|-------------------|--------------------|
| • CSS               | • Web Accessibility | • JSON            | • QuickBooks       |
| • HTML              | (Section 508)       | • Node.js         | • Photography      |
| • XHTML             | • JavaScript        | • MySQL           | • Customer Service |
| • Bootstrap         | • jQuery            | • Adobe Lightroom | • Client Relations |
